BUSINESS AGENDA OF MOSCOW GLOBAL FORUM “CITY FOR EDUCATION”

Every day the Forum will gather discussions around the issues, interests and achievements of a certain group of participants in the urban educational ecosystem.

Day One

The organization of the system with the participation of representatives of the state authorities, international experts and heads of educational systems of countries and cities of the world, managers of educational organizations and projects.

Day Two

The organization of educational processes and their supporting processes with the participation of teachers, experts, educational start-ups and projects.

Day Three

Issues about education users with the participation of parents, youth (students) and experts.

Day Four

Engaging all Forum participants in “City for Education” processes (Edutainment for all).
